On September 03, 2016, the property located at [REDACTED] OAK ST Mt. Morris MI. 48458 was inspected. After the course of my investigation it was determined the following City of Mt. Morris local ordinances were being violated:

Notes: There is a large amount of building material scattered about the backyard. Furthermore, there are appliances, a bathtub, and a sink also sitting in or near the yard. I made contact with a white male on August 30, 2016 who stated he was repairing the house for you and that these conditions were being abated. During my follow up investigation today it was obvious that the conditions have actually worsened.

This property was previously inspected and a Notice of Violation was posted. This property will be re-inspected after 14 days. During this time please take corrective action to become compliant with local ordinance. You should also be aware that failure to become compliant with local ordinance shall result in further action being taken by the City of Mt. Morris which may result in fines, costs, and the responsible party being arrested and summoned to court. Please note that as the property owner(s) you are ultimately responsible for the condition of your property and this is your **SECOND AND FINAL** notice.

It is our goal that with your cooperation we can make the City of Mt. Morris a destination known for clean, safe, and beautiful properties. If you have any questions please feel free to contact me at (810) 516-0039 or at mvogt@mtmorriscityfd.org. Thank you for your help and cooperation in this matter.
